Bulletin of the World Health Organization, Volume 80, 2002

Subject index

accidents, road, *see* road traffic accidents
acquired immune deficiency syndrome, *see* AIDS
acrylamides, in bread and potatoes 523
acute coronary syndromes, education and 371–377
acute flaccid paralysis (AFP)
  capture–recapture method, in Australia 846–851
  in India 210–216
Acute respiratory infection – interactive tutorials, image collection (Wellcome Trust CD-ROM) 331–332
Afghanistan, health system reconstruction 339
Africa
  climate change and malaria resurgence 334–335
  domestic water use 61–62, 63–73
  European support for clinical trials 832
  female circumcision and perinatal mortality in migrants from 629–632
  food aid plus health aid needs 764
  food shortages and HIV/AIDS 687
  HAART and TB control 464–470
  HIV testing for TB control 939–945
  injection devices compared 859–870
  iron supplements and child development 174
  ivermectin mass treatments for onchocerciasis 384
  meningococcal disease epidemics 342–349, 991
  new rice variety 521
  planning health programmes 761
  polio eradication in West 991
  questionnaires for schistosomiasis screening 235–242
  trypanosomiasis serodiagnosis and surveillance 882–886
age
  cohort smoking intensities and 26–32
  homicide rates in young people and 797–805
  tobacco use and 350–356
  -weighting preferences, urban Zimbabweans 204–209
ageing
  cancer incidence and 608–609
  compression of morbidity 243–244, 245–250
  WHO policy 425
AIDS
  control in India 422–423
  costs of treatment in Russian Federation 686–687
  food shortages in southern Africa and 687
  global fund to fight 87, 176, 259, 338, 609
  international conference (July 2002) 761–762
  international human rights law 964–969
  treatment in South Africa 335, 421–422, 521–522, 921
  see also HIV
air travel, venous thromboembolism and 403–406, 610
aircraft disinsection 257
albendazole, mass treatment for ascariasis 399–402
alcohol problems, in India 174–175
Alzheimer disease, in NSAID users 79
Americas, violence 767
amiodiaquine, for falciparum malaria in Cameroon 538–545
Angola, control of trypanosomiasis 738–745
Anopheles gambiae, genome sequence 918–919
anthropomorphic status, affluent Indian children 189–195
antihypertensive therapy, compliance in Seychelles 33–39
antimalarial drugs
  acceptability in the Gambia 790–796
  artemisinin-based combinations 523
  new candidate 685–686
  therapeutic efficacy 538–545, 704–708
antimicrobial drugs
  resistance, global response 126–133, 420
  for river blindness 336
antiretroviral therapy
  availability in Kenya 607–608
  availability in South Africa 335, 421–422, 521–522, 921
  highly active (HAART), and TB control in Africa 464–470
  modelling impact in Botswana and India 89–96, 419–420
  supply of affordable 176, 761–763
  WHO recommended drugs 425
antituberculosis drugs
  access to expensive 489–500
  DOTS strategy, *see* directly observed treatment, short-course (DOTS) strategy
  and HAART in Africa 464–470
  research and development 428, 429, 517–519
Argentina, health system problems 919–921
arsenic
  and hypertension in Bangladesh 173
  well-switching to reduce exposure, in Bangladesh 732–737
artemisinin-based antimalarial therapies 523
Asbestos blues: labour, capital, physicians and the state in South Africa (McCulloch) 603–604
Ascaris lumbricoides (ascariasis)
  in children in Brazil 40–46
  mass chemotherapy in the Islamic Republic of Iran 399–402
  remote sensing and geographical information system, in Chad 783–789
Asia, HIV/AIDS surge 78
atenolol, compliance in Seychelles 33–39
audit, district-based, maternal mortality in Indonesia 228–234
Australia
  capture–recapture method for acute flaccid paralysis 846–851
  hepatitis B vaccination in prisons 569–574

bacteria
  drug resistance 126–133, 420
  in Ghanaian street foods 546–554
  role in river blindness 336
Bangladesh
  arsenic and hypertension 173
  community health workers in TB control 445–450
  measles vaccination and risk factors for measles 776–782
  polio eradication and routine immunization 822–828
  reproductive tract infections 180–188
  well-switching to reduce arsenic exposure 732–737
BCG vaccine
  development of alternatives 483–488
  impact on TB mortality and transmission 217–227
bednets, insecticide-treated, *see* insecticide-treated bednets
bendrofluazide, compliance in Seychelles 33–39
biomedicine, international human rights law 959–963
birth intervals, and spontaneous preterm births in United Arab Emirates 871–875
bites, dog, estimating rabies mortality from 304–310
Bland–Altman plots, Haemoglobin Colour Scale 813–816, 839, 987
blindness
  cataract, gender differences 300–303
  in diabetic retinopathy 419
  prevention in children 688
  prevention and treatment 922
  river, *see* onchocerciasis
books and electronic media
  Acute respiratory infection – interactive tutorials, image collection (Wellcome Trust CD-ROM) 331–332
  Asbestos blues: labour, capital, physicians and the state in South Africa (McCulloch) 603–604
  Challenging inequities in health: from ethics to action (Evans *et al*) 170
  Drinking water and infectious disease – establishing the links (Hunter *et al*) 916
  Drug war heresies (MacCoun & Reuter) 74
  Ecosystem changes and public health: a global perspective (Aron & Patz) 171
  Food safety and international competitiveness – the case of beef (Spriggs & Isaac) 172
  Genomics and world health (Advisory Committee on Health Research) 523, 985–986
  International child health care: a practical manual for hospitals worldwide (Southall *et al*) 254–255
  Madness: a brief history (Porter) 603
  Perspectives on helminthology (Chowdury & Tada) 331
  Redesigning humans – our inevitable genetic future (Stock) 985–986
  Secret agents: the menace of emerging infections (Drexler) 838
  STOP-TB eForum 515–516
  Supercourse – epidemiology, the Internet and global health (CD-ROM) 516
  Timebomb – the global epidemic of multi-drug resistant tuberculosis (Reichman & Hopkins Tanne) 514
  Urban health & development: a practical manual for use in developing countries (Booth *et al*) 256
  War or health – a reader (Taipale *et al*) 682
  Web-based information on TB 514–515
  Work and unseen chronic illness (Vickers) 255
  World report on violence and health (Krug *et al*) 915
Bosnia and Herzegovina, impact of conflict on health 75–76
